

# The Book Bag

*The Book Bag Program*- Allows any non-profit including Charter and Public Schools to purchase **(100) new books (when available) for \$190.00\*** or **(50) new books for \$80.00\*** including shipping. Most of the books through this program are titles that can be found in the larger retail chain bookstores. The books come in a pre-packaged box with a variety of popular titles geared to ages 2 to 12 years of age. The boxes also contain children's activity books that come with crayons or watercolor paints. The way we notify our organizations about the availability of these pre-package offerings is usually by e-mail. We have responded to the request of several organizations to have a way to purchase books through this program by credit card. You may now pay for your purchases for books by credit card through PayPal.

## Guidelines

The books purchased may be used in any way you wish; the only requirement is that the organization purchasing the books must have Federal tax-exempt status or be a License State Day Care facility.

Each box has 100 or 50 new books. We will not customize these boxes of books, you must take them as we presented. Some books may have remainder marks or publishers stickers on the books. In order to acquire the books, you may email us with an expressed interest in securing the books. Fill out the form, e-mail or mail and make a check or money order payable to Pathways Within, Inc. and mail it to Pathways Within, Inc. PO Box 960154, Boston, MA 02196, along with a copy of your 501(c) 3 Federal Tax Exemption letter or your *State issued Child Care License*. E-mailing us alone will not guarantee that you will receive the box of 100 books. All requests are honored when *all* the required components are in our possession on a first come, first serve basis. By April 30, 2007 we will start taking Credit Cards through Paypal for this program only. Please do not pay with your credit card until we have verified that the books are still available and that we have all of your required information.

## Frequently Asked Questions:

How will I know what I am getting in the box of books? When the email alert goes out, we will let you know what titles are in the box and how many boxes of books we have available. We will also indicate the age appropriateness of each title that will be included in the box.

How are the books shipped? The books are shipped via the United Postal Service Media Mail, FedEx ground or UPS ground, which take around five business days from the day shipped. We also send out our packages with delivery confirmation. After shipping your parcels, we will e-mail you with the delivery confirmation numbers, so that you may track them if you wish. Also it is important to be aware that if multiple parcels are mailed to you, you may not necessarily receive both parcels on the same day.

What is the frequency the availability of the Book Bag offers? Most of our books are received through the generosity of major publishers of Children's books, so we distribute them when they become available. Also, we purchase books from remainder dealers and donate some and others we sell.

Can more than one box of books be purchased at one time, by the same organization? Yes, if more than one box of books are available. And as stated above, all books are made available on a first come first serve basis.

What types of books are in the boxes? Usually a mixture of hardcover, board, activity, and paperback books for children ages 2 to 12. In most cases there are multiple copies of a title.
